

BAGS

Carry-too-much-, Carry-all- or Baggy-bag?

A day at the beach, a weekend getaway, or shopping for a big family dinner? With these oversized tote bags, you can bring as much as you want. And because Fatboy isn't a fan of too much waste, these bags are made from remnants of Fatboy's cotton beanbag fabric. That makes them super sturdy.

Throw this design icon over your shoulder

Carry-too-much-bag is a true eyecatcher, not only because of its generous size but also because of the striking red stripes and the large, iconic red Fatboy label on the side of the bag. In contrast to Carry-too-much-bag, the Carry-all-bag is taller than it is wide, featuring both classic design and the red Fatboy label. The handles of both bags are stitched in the same color as the bag and reinforced for maximum durability. Baggy-bag is the same size as the Carry-all-bag and displays the iconic red Fatboy letters on both sides of the bag. The handles are distinctly red and extra sturdy.

The red, fabric-finished seams inside the bags provide that extra finishing touch, and thanks to the rectangular bottom, you can carry a lot. You'll never have to waste time searching for your debit card, phone, or keys – these bags all come with a small Fatboy inner pocket.

Sturdy cotton

Carry-too-much-, Carry-all- and Baggy-bag are made from sturdy cotton canvas and feature a water- and dirt-repellent coating. They won't get dirty quickly, and if they do, you can easily clean them. You can also toss them in the washing machine. Thanks to their impressive size, you can take everything with you – from groceries to overnight essentials and from a yoga mat to a padel racket.

Nice to know
